

TEWIN VILLAGE WEBSITE GROUP www.tewinvillage.co.uk

DATA PROTECTION POLICY (INCORPORATING GDPR)

Tewin Village website is for the whole village. We publish village news and photographs and list village sports and social events including those held in our Village Hall and Community Shop. Tewin groups use the site as a means of providing information about their activities and how others may participate in them.

www.tewinvillage.co.uk contains links to other websites. The Village Website Group isn't responsible for the privacy policies and practices of other sites. This policy only applies to information collected by www.tewinvillage.co.uk

Tewin based organisations are welcome to be a part of the site and to be represented on the Village Website Group.

We are the website for Tewin Parish Council and publish their minutes. We also publish the Tewin Magazine in digital format.

Data held on the website may include names, postal addresses, phone numbers and email addresses from a range of village sources. We do not sell information to third parties or supply it for commercial purposes.

Names and postal addresses are essentially public information. Phone numbers and email addresses may not be regarded as public information, but they are widely disseminated. We do not publish additional personal information other than photographs.

Any photographs published by the Village Website Group will either have been obtained by the photographer with the consent of those being photographed, or they will have been taken at public events and could have been taken by any member of the public. In the case of photographs of identifiable minors the photographer will have obtained parent or carer consent.

Tewin Village Website Group is made up of volunteers who maintain the website via their home computers. The only information held comes from those members of the public who contact us. Their enquiry will be held temporarily on the webmaster's home computer until the enquiry is dealt with, after which it is deleted.

The Tewin Village Website is subject to normal security arrangements and as such, may experience occasional breaches. Loss of data involving names, postal addresses, phone numbers and email addresses does not involve any significant security or privacy risk to the individuals concerned.

The Group will consider requests from members of the public to remove photographs or data.
